

September 2010

Dear Resident:

The City of Lyndhurst will be vacuuming piles of leaves from the tree lawns. Leaf pick up will not be on a set schedule, but, instead will be on an "as needed" basis. Projection on leaf fall, at this time, indicates that vacuum pick up will start about mid - October.

At peak volume times, your street will be posted. The sign will indicate either the day of the intended pick up or will state "**Leaf Pick Up Next Week.**"

All leaves that are collected from tree lawns will be composted, and made into leaf humus and other soil amendments. Therefore, it is extremely important that you place all leaves on your tree lawn in piles for vacuum pick up. At the end of the season, if you should have small quantities of leaves, please bag them in paper yard waste bags or place them in your designated yard waste container. Place the leaves curbside for pick up on your normal collection day.

Because of a safety hazard, **leaves are not to be piled in the street or gutter.** Leaves piled in this area will not be picked up, and the resident will be notified to remove the leaves or be cited (C.O. 660.03).

PILED LEAVES MIXED WITH BRANCHES OR OTHER MATERIAL WILL NOT BE PICKED UP.

We respectfully request your assistance and cooperation to ensure a successful program that, hopefully, will satisfy all of our residents.

To assist you in disposal of rubbish (no leaves or newspapers), facilities are presently stationed between the Service Department garages. This service will be available until November 14, 2010, and will resume spring of 2011.

Saturdays	11:30 a.m. – 3:30 p.m.
Sundays	11:30 a.m. – 3:30 p.m.

We urge you to take advantage of this service.

Mayor Joseph M. Cicero, Jr.

(OVER)

****COMMUNITY SHREDDING DAY****

Bring your sensitive documents to be shredded to the Lyndhurst Community Center on October 16th, between the hours of 11:00 a.m. and 3:00 p.m. A shredding truck will be available in the parking lot.

Monday, January 17, 2011 (Martin Luther King Day)

Trash/Recyclables will be picked up on this day.

SNOW PLOWS

Please Note: Winter is not too far away and in the very near future you will be contacted by snow plow operators regarding the plowing of your driveway this winter. The city requires all commercial snow plow operators to obtain a permit. In applying for a permit, the owner must show that his vehicles are registered as commercial vehicles, that he has liability insurance on the vehicles, and that he has the necessary emergency equipment on the vehicle. In addition, he must supply the city with the names and addresses of his customers.

When these requirements are met, a permit will be issued. This permit allows the operator to plow snow for a fee in the City of Lyndhurst. When the city issues this permit, it assumes no responsibility for the performance or lack of performance of the various operators.

Therefore, we are requesting that you not sign a contract prior to their showing proof that they are licensed to operate in Lyndhurst. **REMEMBER** – It is illegal to deposit snow in the street while plowing, shoveling or snow blowing your driveway. Violators will be prosecuted.

Joseph M. Cicero, Jr., Mayor

Joseph A. Marko, Vice Mayor, At-Large
