***Rain Barrel Workshop on May 30th at  
Cleveland Metroparks Acacia Reservation***

***Lyndhurst, OH*** – Learn how to harvest rainwater for all of your garden needs and to combat storm water pollution in your community by constructing a rain barrel! Cleveland Metroparks, Cuyahoga Soil and Water Conservation District, City of Lyndhurst and Friends of Euclid Creek are hosting a Rain Barrel Workshop Saturday, May 30th from 9:30-11:00am at the Cleveland Metroparks Acacia Reservation (26899 Cedar Road, 44124). The \$60 fee includes a 60 gallon barrel, all materials and downspout diverter. Registration is required by Monday, May 25.

A rain barrel is a container used to collect and store rainwater that would otherwise be lost to runoff and likely diverted to a storm drain. Collected water may then be used to water lawns and gardens.

To register for this workshop, or for more information, contact the Euclid Creek Watershed Coordinator at 216-524-6580x16 or cposius@cuyahogaswcd.org by May 25.

The Cuyahoga Soil & Water Conservation District's mission is to promote conservation of land and aquatic resources in a developed environment through stewardship initiatives, education programs, and technical assistance.
