Safe Sitter® Babysitting Class

The Lyndhurst Community Center is once again partnering with University Hospitals to offer the Safe Sitter Babysitting class. This program, delivered by the experts at UH Rainbow Babies & Children's Hospital, is a medically accurate, hands-on class for boys and girls ages 11 to 13. Students are taught safe childcare techniques, behavior management skills and appropriate responses to a emergency situations.

Safe Sitters learn:

- How to rescue a choking child
- What to say if you have to call 911
- Basic child care skills (diapering, feeding, etc.)
- How to entertain children and keep them safe
- Babysitting business skills
- Sitter Safety - Screening jobs when to accept and when to REFUSE
