REGISTER NOW at
www.selsc.org

About Us:

Mini Kickers: is a *parent-child* program and focused on providing the fundamentals of soccer while having fun.

Little Kicker: will begin to challenge children with basic player movements important to the game of soccer, the ABCs — Agility, Balance and Coordination. At this level, players will be provided with structured, yet fun training that increase their skills and interest in the game of soccer.

Little Kickers: children will continue to develop the ABCs of soccer movements. Passing, dribbling, and field spacing will be introduced as players begin to develop more of a team understanding of the game. Players will be encouraged to use their learned skills to develop their own on-field decision making.

Champions League: players complete in an inter-city soccer league against local community teams on a weekly basis. Minimal community travel with many games occurring on Saturday mornings and afternoons. Some games are played during weeknights.

Cost for Kicker Academy and Champions League is \$50.00 per season before March 7th.

There is a \$25.00 Annual Fee covering maintenance and insurance that covers Fall 20, Winter 20/21 and Spring 21.

Optional Friday training is \$45.00 per 8 week session.
